

BTEC Animal Management 90 Credit Diploma - S122

BTEC Level 3 90 credit Diploma in Animal Management is designed to provide a specialist work-related qualification in the animal care/land based sector. It provides learners with the knowledge, understanding and skills that they need to prepare for employment. The qualification also provides career development opportunities for those already in employment, and a pathway to higher education.

COURSE DETAILS

Students will be working with the college's varied small animal collection. The course balances both practical and theoretical studies. You can also develop skills like:

- Communication
- Information Technology
- Employability skills

Units to study include:

- Promote animal health and welfare
- Animal genetics
- Safe animal handling
- Breed development
- Animal nutrition
- Pet store design
- Animal behaviour
- Animal training
- Animal organisations
