This course has been designed to help you to develop knowledge, understanding and skills in general Digital Industry subjects. This is a broad based qualification that provides you with the opportunity to progress towards further academic study or employment.

COURSE DETAILS

This programme consists of a range of units studied over one year. The units you will study will be from the following:

Mandatory

- Information Technology Systems
- Create and Manage Information
- Using Social Media in Business
- Programming

Plus 2 optional units which your tutor will confirm, for example:

- Data Modelling
- Website Development
- Mobile Apps Development
- Computer Games Development

ENTRY GUIDELINES

Priority will be given to applicants who are 16-18 years old.

4 GCSEs at grade 9-4 (A*-C), including English Language and Maths.

or

Relevant Level 2 qualification at merit or distinction and English Language and Maths at grade 9-4 (A*-C).

and

Satisfactory interview, assessment and school report or reference.

ASSESSMENT METHOD

You will apply your learning and demonstrate your knowledge through the completion of practical assessments in the form of internally assessed assignments and externally assessed tasks and written exams.

ADDITIONAL INFORMATION

Are you aged 16-18?
Study programmes are full-time courses for 16-18 year olds which include:

- A qualification such as BTEC Extended Diploma
- Meaningful work experience or preparation for work
- English and maths, if you don't already have GCSE grade A* - C in English and maths (Grade 4 or above)
- To learn effectively on your course you will need to use certain items of equipment and undertake particular activities. We will provide these for your use whilst in College, but to enhance your learning experience further we require you to make a contribution to trips throughout the year. Do you need support with the cost of this?

WHERE CAN I PROGRESS TO?

Successful completion of the course will provide the opportunity for students to progress to the Extended Diploma in IT.

Explore potential careers via Career Match — it provides current local data on wages and employment prospects.

You could progress to these Wirral Met courses:

- C048 - Foundation Degree Computer Science
