

T Level Foundation Programme - Digital Production, Design and Development - C117

Growth in the digital sector is nearly six times larger than growth across the UK economy as a whole contributing more than £400 million to the UK economy a day.

The T Level Foundation course is designed to give you the skills and knowledge required to join the Level 3 T Level in Digital Production, Design and Development, in addition to skills valued by employers.

This programme is not just an academic course you will be 'hands-on' with computer hardware and network devices, creating and testing fully working computing systems and software.

This course is suitable for anyone wanting a career in career in software production and design.

COURSE DETAILS

This study programme includes:

- The T Level Transitional Course
- Maths
- Employability skills and work experience

The course is made up of seven units:

Three core/mandatory units, two of which are externally assessed with an online examination

- The Online World
- Technology Systems
- Digital Portfolio

Other units of study:

- Software development
- Computer networks
- Website development
- Database development

ENTRY GUIDELINES

This is a Study Programme and applicants must be 16 or 17 years of age when applying (on or before 31st August)*. *This is based on Government Guidelines.

Relevant Level 1 qualification or minimum of 3 GCSEs at Grade 3/D or above and Grade 4 or above in English Language.

Satisfactory interview, assessment, school report and/or satisfactory reference.

If English is not your first language, you may need an assessment before enrolling on this course. To discuss further, please contact the ESOL department on 0151 551 7144.

ASSESSMENT METHOD

Two units are externally assessed by an online examination and the rest of the units are assessed by a series of assignments. Each unit will be graded as Pass, Merit or Distinction and the overall grade achieved at the end of the qualification will be determined by the individual unit grades. Students are required to complete and pass all components to achieve their qualification.

ADDITIONAL INFORMATION

Selection is by interview and academic reference.

Regular attendance and commitment to the course is essential.

To learn effectively on your course you will need to use certain items of equipment and undertake particular activities. We will provide these for your use whilst in College, but you should have your own headphones/earbuds for use when listening to instructional videos etc.

WHERE CAN I PROGRESS TO?
