

A photograph of a student in a high-visibility yellow vest and safety glasses, focused on a task in a workshop. In the background, other students are also working at workbenches. A blue banner with white text is overlaid on the top left of the image.

## Bench Joinery Diploma - R265

Training and developing practical skills whilst demonstrating the application of safe practice, progress is constantly monitored against set targets and practical tasks sheets which outline standards and expectations. Theory sessions underpin the benefits of applying different techniques whilst target setting and written feedback of students work will ensure students are prepared for online exams.

### **ENTRY GUIDELINES**

This is a Study Programme and priority will be given to those aged 16-18 years of age.

Relevant Level 1 qualification or minimum of 3 GCSEs at Grade 3/D or above and successful completion of a skills test.

Satisfactory interview, assessment, school report and/or satisfactory reference.

If English is not your first language, you may need an assessment before enrolling on this course. To discuss further, please contact the ESOL department on 0151 551 7144.

### **EQUIPMENT REQUIRED**

Steel toe capped boots.

### **ASSESSMENT METHOD**

Observation of practical tasks and written knowledge tests.

## ADDITIONAL INFORMATION

PPE must be worn at all times in college and all students must arrive at sessions on time, prepared and ready to learn with pens, paper etc. All students must be fully committed to attend every element of their study programme, Vocational, English, maths and Work Experience.

## WHERE CAN I PROGRESS TO?

Completion of a level 2 programme will prepare students for apprenticeship opportunities within the construction industry.

Explore potential careers via [Career Match](#) — it provides current local data on wages and employment prospects.
