

Electrical Installation Studies - EL201

If you are 19+ and you are looking to train as a qualified electrician installing in Commercial, Industrial and domestic locations, the City & Guilds 2365 course could be for you.

This qualification alone does not make candidates fully qualified electricians but allows candidates to learn, develop and practise the skills required for employment and/or career progression in the Electrical Installation sector.

COURSE DETAILS

You will study the following units:

- Health and Safety in Building Services Engineering
- Understand the fundamental principles and requirements of environmental technology systems
- Principles of Electrical Science
- Electrical Installations Fault diagnosis and Rectification
- Electrical Installations: Inspection, Testing and Commissioning
- Electrical Systems Design
- Career awareness in building services engineering

Please note at the end of the course you will hold the status of an Electrician's Mate.
