

## Award in Introductory Welding Skills - Tungsten Inert Gas (TIG) Welding - E141

*If you are interested in this course after September, please contact Student Advisers on 551 7777 as we consider in year applications.*

### **COURSE DETAILS**

The award consists of five units:

- Working Safely in an Engineering Environment
- Working Efficiently and Effectively in Engineering
- Using and Communicating Technical Information
- Preparing and Using Manual Metal Arc Welding Equipment
- Preparing and Using Manual MIG, MAG and Other Continuous Wire Welding Equipment

All units have workshop content.

### **ENTRY GUIDELINES**

Satisfactory interview and skill and knowledge based practical assessment.

If English is not your first language, you may need an assessment before enrolling on this course. To discuss further, please contact the ESOL department on 0151 551 7144.

### **EQUIPMENT REQUIRED**

Protective clothing such as boots and overalls will be required for workshop practice.

## ASSESSMENT METHOD

Students will be individually action planned and reviewed throughout the course.

## ADDITIONAL INFORMATION

This course develops those skills necessary to train for work as a welder. It covers basic to intermediate techniques required for the modern engineering industry.
